

CVCC Scavenger Hunt 2009

Welcome to summer, and to our annual Scavenger Hunt.

For our summer competition, each participant has their own gallery where they upload 12 photos depicting the subjects listed below. If you would like a gallery and aren't sure how to open one, email me and I will do it for you.

For these galleries only, we allow slightly larger images so that we can use them later for a slideshow at one of our meetings. **The horizontal size to be a maximum of 1024 pixels and the vertical size no larger than 768 pixels.** (This is the same pixel size you use for submitting images to digital competitions). Please try to keep the file size no larger than 200K. Images exceeding specified size or excessively large files will be deleted.

 **Please number and name each image.** The order you upload them isn't important, but they **MUST** be corrected named and numbered.

You may post or change images at any time. Entries should have been taken only during the months of **July and August 2009.**

If you've never participated before, or if you are new to our club, this is your opportunity to show off your skills and technique. Use your imagination and give your own interpretation of the subject. Digital manipulation OK.

Here are the subjects..

01. Wide Open
02. Seeing Double
03. Circles
04. Framed
05. Exercise
06. Law & Order
07. Looking Down
08. Candid Camera
09. Growing
10. Motion
11. Appealing
12. Missing

Email me if you want to open a gallery to participate or if you have questions.

Jean.
